**AMI International Joins DIMDEX 2012 As Market Info Partner**

**Bremerton, WA – June 15, 2010** – AMI International announced today it has once again partnered with the Organizers of DIMDEX (Doha International Maritime Defense Exhibition and Conference) as Market Information Partners for DIMDEX 2012, set to be held in Doha, Qatar 26-28 March 2012.

AMI's Vice President for Advisory Services, Bob Nugent, again joins the DIMDEX team as *International Media Officer and Market Analyst*. This partnership extends the successful AMI-DIMDEX relationship that began with the first DIMDEX in 2008 and continued through the recently concluded DIMDEX 2010.

AMI's unique insights into future naval and maritime trends and developments in the Middle East and North Africa (MENA) Market have helped highlight the growing naval market in the region. AMI's forecasts, trend assessments and advisory services deliver value to exhibitors and visitors alike, and draw on the company's 25 years of hands-on experience in the worldwide naval market.

Guy Stitt, President of AMI, notes: "We are pleased to continue our partnership with the DIMDEX organizers. We take great pride in having helped the event grow since 2008. This growth reflects the increasing importance of the MENA naval market today."

Bob Nugent, AMI VP for Advisory Services, adds: "As AMI projects over USD 30B in new ship and related systems sales for the MENA region over the 20 years, DIMDEX is the ideal venue for global industry to showcase how their naval and maritime security solutions can meet the region's security requirements"

**About AMI International**

AMI, based in Bremerton, Washington USA, is a leading provider of focused market analysis and consulting for naval, maritime security, and unmanned systems markets around the world. AMI tracks naval business opportunities for its worldwide customer base across 18 countries on 5

continents. AMI tracks market developments in over 70 countries that consistently invest in naval and maritime security capabilities.

AMI's product line includes naval, missile and unmanned systems market research databases. Its flagship "Hot News" monthly naval market newsletter is considered a "must read" for key players in the industry. AMI maintains an active dialogue with senior sea service leaders, key decision-makers in the naval and defense industry, leading media covering the defense sector, and its network of international advisors and affiliates.
